EDUCATION

University of Central Florida | *May 2026*

Bachelor of Science in Computer Science | Burnett Honors College | GPA: 3.6

TECHNICAL SKILLS

Programming: C, C++, C#, Java, Python | Game Development: Unity, Unreal Engine, VR Development

Tools: Autodesk Maya, Git, GitHub, Logic Pro

PROJECT EXPERIENCE

St. Augustine Forts — Virtual Reality Experience | *Senior Design Project*

Lead 3D Modeler & Unity Developer | UCF Arts and Humanities collaboration

- Collaborated with a seven-person team to complete a previously unfinished historical VR experience for UCF Arts and Humanities.
- Programmed boat functionality to enable travel throughout the virtual map.
- Identified and removed unnecessary assets, streamlined scenes, and optimized the experience toward a 30 FPS performance target.
- Created, modified, and integrated 3D models and environmental assets using Autodesk Maya and Unity.

EXPERIENCE

Resident Assistant — University of Central Florida | *August 2023 – May 2026*

- Managed sensitive resident information using StarRez, eRezLife, and Microsoft Teams.
- Mediated crises and resolved conflicts during on-call shifts, supporting the well-being and safety of over 700 residents.
- Planned and executed 10 community-building events each school year, overseeing logistics, budgets, and coordination.
- Collaborated with a team of 20 staff members to enhance the resident experience and maintain effective communication.

Audio Engineer | **June 2024 – Present**

- Record, edit, mix, and master original music using Logic Pro, applying audio processing and sound design techniques.
- Collaborate with members of the UCF Audio Engineering Society on audio engineering and music production projects.
